We are just as keen to meet our new Reception families as we are to meet our new children. We encourage everyone to come into school to meet the team but if there is any additional information you would like to share, please get in touch or attach it to this document.

Background information about your child/family:

What would you like your child's Reception experience to be like?

Do you have any worries/concerns about your child starting Reception?

We encourage the children to be as independent as possible in Reception. What do you anticipate your child will need help with? E.g. toileting, dressing/undressing, using a knife and fork etc.

Your child's experience of being away from parents (childminder, private nursery, relatives etc.)

If your child is upset, how are they best comforted?

From September, the Reception setting will become your child's classroom and it is our aim that all of the children feel safe and happy in this space. We kindly ask that you send a picture into school with your child's name on it, be it a painting, crayon drawing or even a photograph. We will then display these creations in an attempt to instil an early sense of belonging and ownership. Please find the template for your picture on the following page. We look forward to seeing your child's masterpiece!
